Her friends were cheering for her but something caught me. It was a blonde girl it maybe one of Ashlyn's friends she had beautiful blue eyes an- no Hiccup remember the bet okay you can say hi to her later.

Ashlyn was trying to catch a wave then when she saw one she rode it. When she was in the tube of the wave she yelled.

Ashlyn: Time it!

I got my iphone fast and timed it.

But seriously she only lasted like a minute and twenty seconds and fell. She got to shore and very wet I couldn't help it but laugh.

Me: (Laughing) Oh My Fucking god

Ashlyn: (Seriously)Your turn

Me: But I'll last longer than you

Ashlyn: Well good luck with that

Me: Well time me

I handed her my iphone

Ashlyn: Well okay

Me: Thanks

So I went to the sea and about to have my death and funeral. Dang it

Astrid's POV

Ash lasted like a minute or two but I bet Hiccup can't last that long right. But he look's cute wait NO Astrid don't think about that think about something else. Okay

Well let me introduce myself I only told you a little bit of me. Well my name is Astrid Hofferson you already know that I live in Dallas, TX at first I wanted to go to Texas university but people were warning me that T.U is very hard so I went all the way here in L.A and here I am in Pepperdine.

Next let me tell you about my family I have my mother, father, my two small siblings Anna, and Eric. Anna is nine years old, and Eric is seven years old. I'm the oldest, my siblings say that there going to the same collage as me I mean is great that there following there eldest sister but they have to find there own path.

So now you guys already l know my history life now you already know my whole life.

Hiccup's POV When he failed sorry for spoilers

Dang it I failed, Ashlyn won fair and square I wonder what's her prize. Now were going to the pier and ride the Roller Coster and Farris Wheel and it's already going to be sundown so the sunset is beautiful to watch in the Farris Wheel.

Okay so I bought everybody there passes for every rides they want. My friends and Ashlyn's friends went to the Roller Coster, while me and WAIT Astrid is coming with me! Okay while me AND Astrid are going to the Farris Wheel and just to admit I have a crush on her so yeah.

Astrid's POV

Wow Haddock got beaten by his sister and now where going to the Santa Monica Pier and which is pretty cool when you go to the Farris Wheel you can see the glorious sunset and now I'm going wit- what Hiccup is going with me on the Farris Wheel ME! Well I bet that's what he feels but I think I have a crush on him well I said maybe I have a crush on him.

So we both waited in line and then when we got in Hiccup told me.

Hiccup: ladies first

Me: Uh, thanks

So I got in first and then Hiccup sat next to me which was Awkward.

Hiccup's POV In the ride

Astrid: (Chuckles) No, Stupid

Me: So why do you like it?

Astrid: Red is energy like the sun, and blue its like the sky, the ocean.

She stares at the beautiful sunset

Astrid: Its so beautiful

Then she asked me the same question

Astrid: So whats yours?

Me: Green

Astrid: Aren't you going to tell me what that means

Me: It means nature, the leaves blowing in the air it like there dancing.

Astrid: So what classes do you have in collage?

5. Chapter 5: Getting to know each other

Sorry for uploading late but I had a test so I had to study and I passed YAY :-D

So yeah well enjoy this chapter

I don't own anything

Hiccups POV

Well yesterday was awkward, losing the bet, and being in the friend zone not the best combo I was hoping for. Well today everything is going to change right, so I went to get my instrument for music class my guitar.

- Flashback 15 years ago -

I was only a second grader when it happened everyone with there instrument except for me and that's when my life charged.

Me: I want to play it

My father hired a teacher the teach me the basics and then all the way to expert I always thought I would be the better guitar player I would be, and I already was. Then I chose the piano they were both great.

- Flashback end -

That is how I got interested in the art of music all my dreams, and hopes was already here with me.

Astrid's POV

Wow Hiccup in my music class kinda of a big start in our friendship. Right? So I got ready the other girls where still sleeping there very lazy, and I got my instrument the violin.

- Flashback 14 years ago -

I was only seven when I first picked my violin in fourth grade it was music class everyone with there drums, guitars, and me well nothing until I saw it.

Teacher: (Showing me the violin) So, do you want to play it?

I look at it and I nodded

So I learned the basics and it was pretty hard but the more I practice the better I became.

- Flashback end -

- No one's POV -

So both of the teenagers went on to class, but the first one to be there was Astrid, and then when Hiccup came he saw her play her violin, and she did not miss a single note. So he walked, Sat next to her, and she did not know he was there until he taped her shoulder.

Hiccup: Hey

Astrid stopped playing and turn around only to see Hiccup next to her

Astrid: Oh, Hey I didn't see you there.

Hiccup: It's okay, so what are you playing?

Astrid: The violin it's the only instrument I played in all my years.

Hiccup: Well I heard you play it, and I think your fantastic.

Astrid: Are you trying to flirt with me?

Hiccup: What? No, I didn't mean that is was just complement.

Astrid: Okay, so what are you playing?

Hiccup: A guitar.

Then Hiccup took out his case of his guitar, and showed it to Astrid.

Astrid: Wow I didn't know you were a great guitar player.

Hiccup: Well neither did I until I play it for the first time.

Astrid: So what was your experience when you first played it?

Hiccup: At first I f**king sucked and now feel like I'm a real expert.

Astrid: Wow

Hiccup: So, what was your experience?

Astrid: It was kinda horrible until I began to play it day and night.

Hiccup: So practice made you a great violin player

Astrid: Yeah, that's pretty much it, what else do you play?

Hiccup: I also play the piano

Astrid: Don't tell me you f**king sucked when you first played it

Hiccup: (chuckles) Yeah

So both teenagers continued there class then Hiccup asked Astrid if she wanted something to eat. She said yes.

I'm Sorry is So small but I'm running out of ideas lately

So review what place should they both go or what they might do

Have a good day or night

6. Chapter 6: Beginning of our friendship

I'M SOO SORRY FOR THE HOLDUP! Please forgive me and enjoy

Hiccup's POV

So we went to the Santa Monica pier to go for a walk in the beach.

Me: So Astrid tell me more about you.

Astrid: There's really not much to know about me, I mean look at me (Chuckles). How about you and Ashlyn?

Me: Not much?

Astrid: Well life as a Millionaire must be pretty fun.

Me: Not as much as I hoped.

Astrid: Really?

Me: Well, since we're here I could tell you more about me. (A) My mother and my father own a HUGE f**king

Company which now is famous and popular now. (B) Living as a Millionaire is what every person wants but for me is actually pretty boring, but right now since I'm in college. I am now Free from my beautiful mansion prison!

Astrid chuckled when I said that last sentence.

Me: And since I'm with you and technically your my first friend well

Ashlyn is my sister and first best friend. But your my outside friend.

Astrid: I don't get what you mean by Outside friend

Me: Well since I don't go outside of the Mansion I don't get to have friends. Sad right?

Astrid: Really sad.

Me: Now, tell me about you

Astrid: Well I'm just an ordinary country girl, I live in Texas, and I have two siblings Eric and Anna.

Me: That's it?

Astrid: Yeah

Me: Can you at least tell me your hobbies or Interest?

Astrid: Well every morning when the sun is rising I seek out of the House, Horseback ride, and I see the Sunrise in a distance is really a great view.

Me: Your such a bad girl sneaking out in the morning.

Astrid: Shut up

Then she pushed me in the freezing ocean water.

Me: Astrid!

Astrid laughed then ran away if I wanted to take revenge on her.

Astrid: Catch up rich boy!

I stand up and ran to Astrid to catch up but as far as I know she's a really fast runner.

Astrid's POV

As far as I know Hiccup was the slowest runner I ever saw in my life and for a second Hiccup catch up and he was a bit tired. We stopped at the end of the beach were Rocks and the sea meet. I stopped running and Hiccup caught me in his arm's I blushed a bit. We both fell in the sand Hiccup still had his arm's around me but I didn't bother to let go. We were both breathing heavily and Hiccup was the first to speak this awkward moment.

Hiccup: I have never ran that much in my life.

Me: Your such a lazy guy. Aren't you?

Hiccup: I guess I am.

He let go of me and stood up and helped me to stand up.

Hiccup: We should probably go back or do something fun.

Me: Well I guess we can do something fun we can go to the mall see if there's something to get or go to a tour.

Hiccup: Well since you hanging out with a Rich guy we can do both.

Me: Really?

Hiccup: Yep

Me: The let's go

I left running. So my first option was to go to the mall which was very close to the beach. When we got there my first sight was a book store, a Disney store and really come on Disney is not just for little went inside the book store and went to the teens section. The fault in our stars was there.

Me: Hiccup the Fault in our stars!

Hiccup: Really?! Where?!

I handed him the book and I got another on incase he wanted to read it. The best of me book I heard about the movie but I never thought that they have a book about it. So we both got our books and went to the tour of Santa Monica and it was actually pretty fun Then when we finished the tour we went straight to campus but we went to a hill were you can see the ocean and the sunset. This reminded me the first time we meet.

Hiccup: Wow this is-

Me: Sick.

Hiccup: You took the words out of my mouth.

Me: Remember the first time we meet and saw the marvelous sunset.

Hiccup: and the day we started our friendship. Right?

Me: Yeah

Hiccup stands up

Hiccup: Well it's getting late we should go back.

Me: Okay

We went back to campus.

Hiccup: Good night m'lady

He kissed me in the hand which didn't bother me for some reason.

Me: Good night Hiccup see you tomorrow.
